A New Adventure

Hi Everyone!

It's with mixed emotions that I'm writing to announce that I'm retiring as the Director of Professional Development effective February 2, 2024.

To call this job my "dream job" would be an understatement. Over the past nine and a half years I have been blessed to work with colleagues and providers who all share a similar goal with me...to offer children opportunities to learn and grow in quality early childhood programs. I don't think a more rewarding job exists.

I will remain on the Professional Development team in a part-time status as a trainer, so I'm happy to say I'll still see many of you in my trainings!

So, while I make plans to do more painting and gardening, I'm also very excited to see what new opportunities this change will bring for Child Care Solutions.

Thank you to all of you for being part of this wonderful journey!

Kristi Cusa

MAT

Medication Administration Training (MAT): This skills based certification course is required of providers wishing to become approved to administer over-the-counter and prescription medications to children in their programs. We offer two different options to earn MAT certification; Independent Study and Classroom Based. Both options result in the same certification. Both course options cover the following topics: An overview of medication effects • Preparation and administration techniques • Ways to give both over-the-counter & prescription medication • Permission, paperwork, and instruction requirements • Emergency care & special situations • The handling, storage and safe disposal of medication

MAT: Independent Study: This option allows you to complete the majority of the training at home or work at a time convenient for you. A working email address is required. You must first complete the independent study portion of the course on your own (about 3-4 hours watching videos and completing exercises) then attend one of the dates listed below to complete the course. The classroom sessions are held on the following dates and participants must attend both dates on the split sessions.

Sign up for this course by registering with PDP first here: <http://www.ecetp.pdp.edu/>
